

# Assotherm

Servizi associati per la termoidraulica

**Catalogo 2017**

Riscaldamento e Valvolame - Heating and valves - Chauffage et Robinetteries

## ...: Presentazione Azienda

Assotherm srl è una realtà affermata nel settore della componentistica per impianti idrotermosanitari e di condizionamento, che grazie alla decennale esperienza maturata nel settore, garantisce l'approvvigionamento di prodotti derivanti dal ciclo di produzione di metalli come ottone, alluminio, acciaio, rame, ghisa e derivati.

Esempio della produzione sono: valvole a sfera, rubinetterie per riscaldamento, valvole di sicurezza, valvole di taratura, valvole di zona, collettori, filtri, accessori per centrale termica e raccorderie di ogni genere per le differenti tubazioni in commercio.

Un processo di costante monitoraggio della produzione, gestita secondo i parametri dei Certificati di Qualità del prodotto e la grande attenzione allo sviluppo tecnologico dei nuovi sistemi volti ad offrire sempre maggiori vantaggi all'installazione, ci collocano come interlocutori di primo piano nella offerta di queste tipologie di prodotto, nonché validi partner, sempre pronti a saper consigliare al meglio le aspettative della clientela, aumentandone le potenzialità.

Chi da anni lavora con noi, ci apprezza il tempismo con cui reagiamo alle richieste e soprattutto ci riconosce la garanzia di un prodotto di Qualità, ben garantito da un elevato rapporto Prezzo/Qualità.

Lieti pertanto di poter valutare tutte le proposte che ci giungono (con particolare attenzione a particolari su specifico disegno del cliente), ci auguriamo possiate essere parte dell'entusiasmo e della superba volontà che oggi è il segreto della nostra azienda.

## ...: Something about us

Assotherm SRL is an Italian established reality in the components industry for plumbing, heating and cooling; thanks to decades of experience, we ensure the supply of products resulting from the cycle of production of metals such as brass, steel, copper, iron and derivatives. We have a broad product line of standard control devices to meet demanding customer requirements. Our products (we export in over 30 Countries) provide another example of our customer-driven, problem solving capabilities and our values are hard work, innovation, safety, style.

Example of the production are: brass ball valves, valves for heating, safety valves, balancing valves, zone valves, manifolds, filters, accessories for central heat and couplings of all types for the various pipes on the market. A process of continuous monitoring of production, managed according to the parameters of the Certificates of Quality product and great attention to technological development of new systems for offering still more to install, place us as reputable partners leading in offering these types of product, as well as good partners, always willing to know how to best advise customer expectations, by increasing the potentialities.

Products are developed our Engineering and Technical Department, starting from the moulds through stamping, working, assembling up to the final product and, in order to offer our customers a greater variety of articles, we have a number of "sister companies", Made in Italy, which by the time we have established mutual cooperation.

Those who for years worked with us, appreciate the timing with which we respond to requests and especially recognizes the guarantee of product quality, well secured by a high ratio of price / quality. Experienced sales personnel and service engineers are ready to troubleshoot your needs.

Therefore pleased to be able to evaluate all proposals that come to us (focusing in particular on the specific design of the customer), we hope you will be proud of the enthusiasm and determination which today is the secret of our

BENDAPER0015	150 mm	1	2,15

IT: Additivo per Massetto  
EN: Additive for concrete  
FR: Additive

**Art FLUID**

Codice	Misura	Box	€
FLUIDMASD10	20 Lt	20L	4,95

€ al litro

IT: Graffettatrice per cplis  
EN: Stapler for clips  
FR: Agrafeuse pour clips

**Art GRAF**

Codice	Misura	Box	€
GRAF00000000		1	583,88

IT: Srotolatore  
EN: Unroller  
FR: Dérouleur

**Art SROTO**

Codice	Misura	Box	€
SROTO00000000		1	460,85

IT: Collettore in ottone da barra premontato con flussometro e valvole termostattizzabili

EN: Pre assembled Brass manifolds with flow meter and thermostatic valves

FR: Collecteur laiton pre-assemblé avec debimètres et robinets thermostattizables

**Art CPS 854**

Codice	Misura	Box	€
CPS8540100703	1"	1	186,00
CPS8540100704	1"	1	220,00
CPS8540100705	1"	1	255,00
CPS8540100706	1"	1	290,00

CPS8550100706	1"	1	268,00
CPS8550100707	1"	1	301,00
CPS8550100708	1"	1	339,00
CPS8550100709	1"	1	376,00
CPS8550100710	1"	1	408,00
CPS8550100711	1"	1	443,00
CPS8550100712	1"	1	487,00

IT: Adattatore Eurocono per Tubo PEX

EN: PEX pipe adapter Eurokonus

FR: Adaptateur pour tube PEX Eurokonus

**Art DC 83P**

Codice	Misura	Box	€
DC0083P00716	3/4" X 16	10	3,27
DC0083P00720	3/4" X 20	10	3,27

IT: Adattatore Eurocono per Tubo Multistrato

EN: Multilayer pipe adapter Eurokonus

FR: Adaptateur pour tube multicouche Eurokonus

**Art DC 83M**

Codice	Misura	Box	€
DC0083M00716	3/4" X 16	10	3,22
DC0083M00720	3/4" X 20	10	3,22

IT: Testa Termostatica per Collettori 855 Quattro Fili

EN: Thermostatic head for manifolds 855 four connection

FR: Tête thermostatique pour collecteur 855 quatre fils

**Art CLI 508**

Codice	Misura	Box	€
CLI508000230	230v	1	39,90
CLI508000240	24v	1	39,90

IT: Testa Termostatica per Collettori 854 Quattro Fili

EN: Thermostatic head for manifolds 854 four connection

FR: Tête thermostatique pour collecteur 854 quatre fils

**Art CLI 507**

Codice	Misura	Box	€
CLI507000230	230v	1	42,00
CLI507000240	24v	1	42,00

IT: Gruppo di regolazione a punto fisso  
 EN: Fixed point mixing unit  
 FR: Régulateur de température à point fixe

**Art CPS 650**

Codice	Misura	Box	€
CPS65000010	1"	1	550,40

IT: By-Pass Primario con stacco Alta temperatura  
 EN: By-Pass Primary net with High temperature outlets  
 FR: By-Pass Circuit Primaire avec sortie Haute température

**Art CPS 651**

Codice	Misura	Box	€
CP651000010	1"	1	44,50

IT: Flussimetro 0-5 l/min  
 EN: Flow regulator 0-5 l/min  
 FR: Débitmètre 0-5 l/min

**Art CPS 654**

Codice	Misura	Box	€
CPS654000070	3/4"	1	20,80

IT: Vitone termostattizzabile  
 EN: Thermostatic valve for manifolds  
 FR: Vanne thermostatique pour collecteurs

**Art CPS 655**

Codice	Misura	Box	€
CPS654000070	3/4"	1	14,00
